### About the Program

The Friday Finishing program is open to Alaska Rush players of all teams. The purpose of Friday Finishing is to provide forwards and other attack-minded players repetitious shooting opportunities in front of goal through a variety of technical and skill training. Each player should receive approximately 80 shots per session with an estimated 12:1 player to coach ratio.

Additionally, the Friday Finishing program will also offer GK:1 Training goalkeepers the opportunity to apply a variety of technical points to a more match-related training environment.

### Divisions & Schedules:
